Sir:

In response to the Restriction Requirement which was mailed to the undersigned on June 4, 2008 in the subject U.S. patent application, applicant elects to prosecute, in this application, the invention or group of inventions identified by the Examiner as Group 5, claims 72 and 76, as amended concurrently. The applicant expressly reserves the right to file one or more divisional patent applications directed to the inventions or groups of inventions not selected for prosecution in this application. This election is made with traverse as will be discussed in the following Remarks section. Please amend the claims, as presented in the Preliminary Amendment filed with the application, prior to an examination of the application on the merits, as follows.
